## Year 2 Sleep Over

On Thursday 29<sup>th</sup> June, the Year 2 students at Avon Street Campus had a sleepover for the night in the Computer room. I enjoyed playing games with my friends. I brought Monopoly World Edition. I played with Peyton, Alex, Tyler and Sebastian. After the games we went to the Art room to have our dinner! We ate yummy pizza and had cordial! After dinner we played some more games, then we had dessert. We had yummy ice-creams and jelly for dessert! To finish the night, we got into our pyjamas, brushed our teeth and we all went to the computer room to watch 'Cloudy with a Chance of Meatballs'. It was funny. The next morning, we woke up really early and had breakfast in the art room. I was feeling sick so I didn't eat anything. We brushed our teeth again and went to assembly. The Grade Two sleepover was **AWESOME!**

At the Year 2 Sleepover we watched 'Cloudy with a Chance of Meatballs' in the computer room. My favourite part of the sleepover was when we ate pizza for dinner in the art room!

## Holiday Poem

I went on a cruise  
Their slides are fun  
I don't like green thunder  
I'm glad that's done

We went to some islands  
Now it's Fiji  
I love the Isle of Pines  
Lucky me!!

We went to Noumea  
It was rainy and sad  
We got on a train  
That wasn't bad!

Isle of Pines has a beach  
I swam in the water  
It was cold at first  
But soon it got warmer

## Winter Sports Day 2017

WOW congratulations to everyone who went and competed in the Ovens and Mitta Winter sports in Wangaratta on Tuesday 27th June. Everyone did an amazing job. We went with the tee-ball team to the softball/baseball reserve on Murdoch Road.

We had such a great day. Everyone showed such great sportsmanship and the tee-ball team had 3 WINS!! and 3 losses. We lost to Yarrawonga P-12 College by 3 runs in the finals.

Well Done to all of the teams who participated.

By Maison Ring

The netball team won 4 out of 5 games to qualify for the first round final. The game was very exciting as it was a draw after full time and extra time was played. It was still a draw so the team that shot 2 goals ahead was the winner. Our team lost 13-11.

The football team won all their games to qualify for the grand final. They played a strong game but were beaten in the end.

The soccer team played against some very tough competition. They gave every game their best effort but did not make it to the finals.

A big thank you goes to the parent helpers on the day. Thank you for supporting our sporting teams by cheering, scoring, coaching and supplying equipment. We really appreciate it.

Vanessa Neilson

## Sculpture of the month

What is it made from? ceramic

## WORDS HURT

*commswatches*  
I don't care if you're joking. I don't care if you didn't mean it. I don't care if someone else dared you to, I don't care if you felt peer pressured into it. I don't care if you think it makes you look cool.

## IT'S MEAN

Being a bully is not cool, it's not funny...  
Tearing someone else down to make yourself feel better is a cowardly act. Be an adult. Use manners.

## 5/6 Winter Sports – Football

### Wangaratta 27/6/17

On Tuesday 27/6, 19 boys played footy @ Wangaratta at the Barr Reserve. We had a team of 26 but 6 kids got sick so we had to shuffle kids around to have a full team. Coached by Jessie, Peter and Coxy's Dad- scorer Mrs A.

R1- Benalla 35 defeated Yarra 26- best on ground Tyler Macgregor

R2- Cathedral 7 defeated by Benalla 34- Cooper Gracie

R3- Marmungan 12 defeated by Benalla 27- Kyle Termorshuizen

R4- Wang West 7 defeated by Benalla 108- Kyle Termorshuizen

R5 – Appin 16 defeated by Benalla 81- Charlie Burfield.

We then played Sacred Heart in the grand final and lost 40-2. It was a fantastic day out and all the games were played hard and fast. The kids played as a team effort and really supported and encouraged each other. Well done. Mrs A.

## My Choice Pamper Day

The "My Choice" program develops positive life skills for participating students in Year 7. We learn about communication, body image, self-acceptance and managing difficult situations and emotions. The group finishes with an excursion to Tafe in Wangaratta to the Beauty Salon to learn about skin and nail care.

## Breakfast Club at Faithfull

Breakfast Club at Faithfull St Campus was presented with a generous donation from the Anglican Parish of Benalla. The Rotary Club of Benalla donated \$500 to the Parish's Mission Focus, which is to support the Breakfast Club at Faithfull Campus. We are fortunate to have financial help from our community but also much needed help in the kitchen. Thank you so much from all at Breakfast Club as we continue to provide a delicious variety of food for breakfast to help our students get a good start to their day and be ready for learning.

### Improving the genetics of our local trees.

The Hands on Learning students have performed some important work over the last week. They have spent time in the hothouse at the Regent Honeyeater nursery at CAL farm deciding what might be the tallest and best tree to keep in the seedling tube. Andie from the RHE project explained to the students that this was important work as many of the local remnant (old indigenous) trees left in our landscape were twisted and poorly shaped trees, as the tall straight ones had been taken for building and other purposes over the years.

During the three days the students had selected and pruned over 4,000 White Box and 1,000 Yellow Box seedling trees. These trees could live for another 300-400 years to provide habitat and nectar for the local birds and animals, in particular the rare Regent Honeyeater bird.

We also worked with Matt Smith who is a past student of Benalla College who has completed his Environmental Science and Management degree at CSU, Albury campus. He now works for Parks Victoria in summer up at Whitfield as a Project Fire Fighter and helps out at RHE nursery when he can. Matt says if you love the outdoors he can recommend the course and working for Parks.

# Forensic Science

On Wednesday June 21<sup>st</sup>, 14 year 10's taking the Forensic Science Elective travelled to Yarrowonga for a workshop.

The presenters were a father daughter combo from Yugoslavia – Milutin and Ivana. Milutin is the inventor of the Poli-light. Different light waves have the capacity to fluoresce different objects making it easier to see/find different objects. It has many applications in many fields. He also trains police in the art of Crime Scene Investigation.

Ivana is a blood spatter expert. She showed us how CSI investigators find blood stains, differentiate between blood or other red substances, differences in height affecting blood spatter patterns, sweat stains on materials etc. She works in Queensland with the police and had even worked on TV sets!

Activities included testing different heights for blood spatter, fingerprinting, Poli-light (coloured light), shoe prints and inspecting a crime scene.

The feedback from the students was it was a great day filled with interesting activities.

## A report from Hannah McCallum – Hannah is on student exchange for the year and is in Germany.

It has now been almost 5 months since I arrived in Germany on student exchange. Time is going so quickly. In a month my mother and brother will come to Germany to visit and we will go to Paris. In the 5 months I have been here I have visited Switzerland, France, Belgium, the Netherlands, Luxembourg, Austria, Czech Republic, England and all round Germany. I have experienced many German traditions such as the German "Karneval" celebrations. The whole week for the "Karneval" celebrations are public holidays. Everything is really different here. For starters, I can not count the number of times that I have crossed the road and looked the wrong way and I have almost been hit by cars. I start school at 7:15am, I have learnt a completely new language in four months and I am fully communicating with everyone in German now. It is summer here and the temperature barely reaches 25 degrees. I have had so many wonderful trips with my school and my friends. Going to London was definitely a highlight for me. I was also involved in a 15 day tour around Germany and the surrounding countries with 45 exchange students which was amazing. Going on Student Exchange is cool because I now have friends from 43 different countries around the world. I am now with my second host family and they speak no English at all, so I have had to learn a lot when I first arrived. I have two host brothers, Fabio and Antonio Schnichels. Over the next few weeks I am travelling with my host family to Luxembourg for a few days. I hope all is well back in Australia.

Hannah McCallum

The Benalla P-12 College Kokoda trip was completed over the holidays. Our party consisted of Year 11 students Kira Slater, Sam Desailly, Brittany Button, Darcy Glynn, Tyler Wright, Liam Mahon and Callum Johnson plus, Patrick Glynn, Jason Desailly, Clinton Relf, Melinda and Shawn Pentreath. The group was led by Sheree and Richard Hubbard along with our Australian Guide and former teacher, Daniel Hogarth.

With a day of travel each end, we spent 9 days on the Kokoda Track where we climbed and descended through the jungle. Every up has a down and every down has an up through massive trees with sprawling roots, slippery clay and sticky mud. We had the joy of many river crossings over Indiana Jones style bridges which get remade every year after the wet season washes them away. Walking through the swamp, we came across the No Roads 75<sup>th</sup> Anniversary Re-enactment Group, complete with Fuzzy Wuzzy Angels in the uniforms and equipment of World War II! Patrick Glynn can be seen in the photo with them. When entering Kagi, the children sang for us and then we met with Havala Laula, an original Fuzzy Wuzzy Angel!

In the evenings we got to know our new friends the porters in cultural talks on gardens, huts & marriage. On the last evening it was reversed and the porters asked us questions of our culture. This experience, plus the rest day in Kagi helped all involved appreciate the beautiful nature of the Papua New Guinean way of life.

We have all come away with a greater understanding of the hardships our soldiers faced in walking the track hungry, diseased, wounded and under fire and the great compassion and strength of the Fuzzy Wuzzy Angels.

**JULY VACATION CARE** – Although the weather was cold and misty, we had an exciting vacation care, with high numbers of children enjoying many experiences, suitable for the winter climate. In the first week, children discovered knitting and weaving, built on cooperation skills with Bluearth coaches. They learnt about the law, with our community Police Officer, Paula Allen, visited the Benalla Gymnastics centre and enjoyed the author Alan Brough at BPACC. This week was also NAIDOC week, where the Benalla Library hosted our children to take part in cultural art and storytelling activities. In the second week, children visited the Benalla cinema, our popular Shepparton Aquamoves excursion, enjoyed winter cooking, making toys from recycled jumpers and learning the relaxation techniques of Yoga, taken by Mark Blyss. There was certainly no time for sitting around and we received many positive comments of appreciation from families. Thanks to our huge band of staff who worked throughout the two weeks, to make this program a huge success one again (Kerry, Nardia, Tali, Vicki, Mary-Lou, Di, Gaby, John, Brad, Milly, Jenny, Kate and Lauren).
