RESPECT RESPONSIBILITY HIGH EXPECTATIONS INTEGRITY

Benalla P-12 College Newsletter

Dear Parents and Members of the School Community,

We had another fantastic week of events and students shining at Benalla P-12 College. The Avon Street Performance on Wednesday evening was another outstanding success. Well done to all the children who performed and looked great up on stage. Thanks again to Mrs. Pam Gregg for all the work that she did to ensure the shows were a success, and thank you to all Avon and Waller Street staff for supporting the two performances. Finally, thank you to all the families who came along to support the children up on stage.

End of Year Music Concert

Last Thursday, the music program wound up the year with a fabulous concert at the PAC. The

Symphonic Band were brilliant, and the Year 7 and 8 bands continue to develop and show great potential. The highlight of the evening was a moving final performance from Year 12 students Naomi Saunders and Daniel Kjar. This was their final end of year show and they were fantastic. Thank you to music staff Barry Roberts, Bryce McMurray, Rolf Koren and David Roe for all the work they put in over the year to develop the students and their musical abilities.

VCE Art Show

On Friday at the Benalla Art Gallery there was the opening of the North East VCE Art Exhibition. Students from schools in Benalla, Euroa and Mansfield were given the chance to showcase their VCE artwork. Several pieces on show are from Benalla students and all the artworks are worth looking at. The exhibition is open for another two weeks and I would encourage everyone to go along and have a look if you can.

End of Year Reports

Reports will be distributed in the last week of term. All students in F-6 will be given a copy of the report to bring home, while all reports for students in 7-11 will be mailed home. Please make sure we have your correct mailing address so that we can ensure this important document gets to you as intended.

Security Cameras at Faithfull Street

As part of the building project at Faithfull Street, we have arranged for the installation of external security cameras on the Senior Building and the Trade Centre. There are 27 cameras in total on the two new buildings as well as an internal one in the stadium. These are designed to help us manage possible property damage, vandalism and theft. The images collected are only available to our ICT technicians and myself. School Council has approved the use of these cameras and they are a standard inclusion in public buildings and spaces these days.

Mobile Phones

Once again, I remind all parents and students that the College has a very clear policy on mobile phones in classrooms. The use of phones by students is a serious distraction to learning which is why we expect them to leave the phone in the locker or place it in the tub provided at the start of the lesson. This policy has been approved by School Council and is designed to ensure we have a safe and orderly learning environment for all students. Please support us in enforcing this by reminding your child of this policy and why it is in place. You can also support this by contacting the office, if you need to get in touch with your child.

Report Writing Day

Please remember there is another student free day coming up on Wednesday November 28th. This is a report writing day for all staff. Childcare will be available at Waller Street for the whole day.

Have a great week.

GOOD ATTENDANCE FOR SUCCESS

Every Minute in School Counts

We are now in week 7 of term 4 and it is just as important to attend school for the next 4 weeks, than it is at the start of term 1 of the year. **Going to school every day is the most single important part of your child's education.....** missing school puts them behind. There are no safe days for missing school. School is better when you attend. Your friends and your teachers notice that you're away and wonder if you are ok. Why is regular attendance important? Right now, being at school is the most important thing you need for your future. School helps you build good habits for later on in life. You might think that school is just about Maths and English but your also learning about how to work with other people and how to solve problems.

If you are having trouble getting your child/ ren to school every day, please pop in to see one of our student wellbeing team

Avon Street's Got Talent

Last Wednesday it was the Avon Students turn to Shine at BPACC.

They performed in Benalla's Got Talent 2018. Parents, friends and teachers were amazed at their wonderful singing and dancing.

Thanks to staff, families and especially the wonderful students for their fantastic efforts. I was just so proud of them.

"I pushed myself out of my comfort zone to dance as best as I can. I learnt dancing is fun. 95% nervous the rest was fun!" Ben 3/4

"I felt more confident than I ever have been, I didn't feel one bit nervous. I felt like I have never felt before after a concert, I felt like I had done my best and I felt really happy with myself. I just can't explain how great it felt." Sophie 3/4

Waller Art

Mrs Hammond likes to challenge us in the Art room and one of those challenges is to see how well we can draw the cover of a storybook. We put the book in front of us and have to study the title, font type and style of drawing among other things. We then work really hard to try and produce a 'photocopy' of the book. Here's a few to look at.

Cricket Clinic

Students from Year 1 – 4 participated in a Cricket Clinic run by Charles and Matt from Cricket Victoria. The students practised their bowling, batting and fielding skills with Charles and Matt providing some great tips on improving their skills.
Vanessa Neilson

Last Monday and Tuesday all of our Prep to Year 6 students participated in a first aid course designed for students.

The course was run by St John's Ambulance Victoria. The students used the D,R,S,A,B,C action plan to learn how to provide first aid.

The Preps, Year 1 and 2 students learnt how to help someone by: D – checking for danger, R – checking if person can respond and S – how to send for help.

They also learnt some simple actions that would help in the case of a blood nose, a burn, a snakebite and how to use a mobile phone to call 000.

The Year 3/4s ex-

panded their knowledge of providing first aid when a person is unconscious by learning how to check if the person had clear airways, if they were breathing and how to place them in a recovery position.

The Year 5/6s talked about D (danger), R (response), S (send for help), A (airways), B (breathing) and then practised performing CPR.

The students gained some very important information about how they can help in a situation where someone needed first aid.

Thank you to the St John's presenters who ran the classes.

Maths Talent Quest

Congratulations to all our students who worked hard to extend their mathematical understandings this year. After months of investigations our students submitted their projects to the Victorian Mathematical Association of Victoria for judging.

Well done: Erin Quin, Isabelle Martin, Sarah Neilson and Ebony Jones. These girls received a credit for their project entitled, Little Room Canteen.

Nicole Patterson also received a credit for her work titled, Life on Mars.

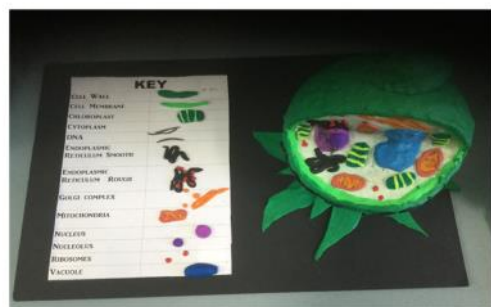

Oliver Hall received a distinction for his study title, A Revolutionary Invention. Oliver will be travelling to Latrobe University to receive his certificate and award.

The Maths Talent Group meet weekly to investigate and problem solve. As part of building the profile of maths and developing these students as a team, we provide these students with an enriching learning opportunity beyond the normal confines of a classroom.

The Maths Talent Group is an example of how we are challenging our students to extend themselves and achieve to a high standard.

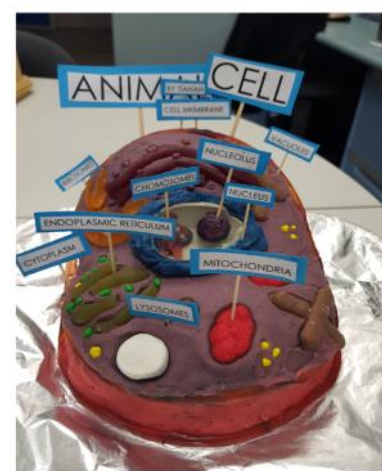

Creativity in Year 8 Learning Space

This semester, the Year 8's have undertaken a new science unit; Biology. Throughout the unit they learnt that cells are essential building blocks of life, identified organelles, their respective functions and the difference between plant and animal cells.

To aid their learning, the students were tasked with creating a 3D model of either a plant or animal cell using common materials. Their models were submitted with an accompanying table that included the functions of the organelles in order to consolidate their learning.

Some of the 3D models were edible like cakes and pizza whilst some constructed cells using materials like playdough, styrofoam, wool, pipe cleaners and string.

White Ribbon Day march, Thursday November 22nd

Last Monday, Jason Lang, a past student came in and spoke to the Year 10 and Year 11 students about supporting White Ribbon and marching to bring awareness to the cause. Jason spoke really well and the students responded well to the talk. On Thursday 22nd of November, students and staff at Benalla P-12 College will again march to support the elimination of violence against women. I would like to thank Jason for coming in and sharing his thoughts with our students.

Year 10 & Year 11 exams...

Friday November 16th the Year 10 & 11 students commenced their end of year exams. It is really important that students approach these exams in a meaningful way and practice good exam preparation techniques. This preparation will assist them during their VCAA exams next year.

In the lead up to the 2019 school year, all travellers wishing to access School Bus Program services, are required to login to the School Bus Management System and submit their travel applications.

The school wishes to stress to parents that safety is our number one priority. If your child is not registered and is still travelling on a bus, then the School Bus Management System and our school records will not have them listed to catch the bus. In the event of an incident or a need to stop the bus, we will not know that firstly your child is on the bus and will not know to contact you.

To login to the School Bus Management System, please go to <https://schoolbusapplication.ptv.vic.gov.au>.

Existing Travellers

These are students who already travel on the school bus and are registered on the School Bus Management System. If your child requires continued travel on the school bus, then you must submit a 2019 travel application.

The chart below will help families already registered on the School Bus Management System to:

- Renew Applications - If your child is already travelling and needs continued school bus access and has not changed school or home address
- Add Travellers and New Application - If you are already registered on the School Bus Management System, but have a child accessing a bus for the first time
- New Application - If your child is already travelling but has changed school or home address.

For your convenience, please see chart below to help with the process.

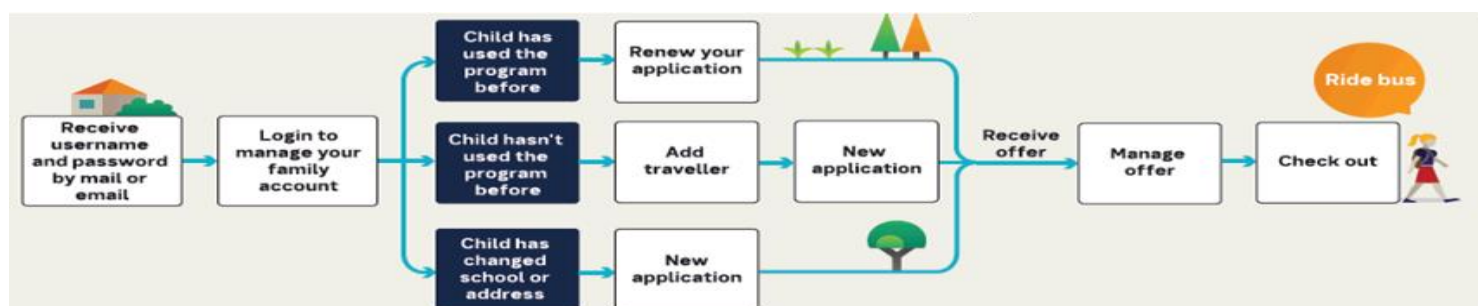

Diagram 1 - Existing Travellers

New Families

All new families seeking access to School Bus Program services for the first time will need to register on the School Bus Management System. Please go to <https://schoolbusapplication.ptv.vic.gov.au>.

Once registered, families will be able to add travellers and submit travel applications online.

For your convenience, please see the chart below to help you with the registration and application process.

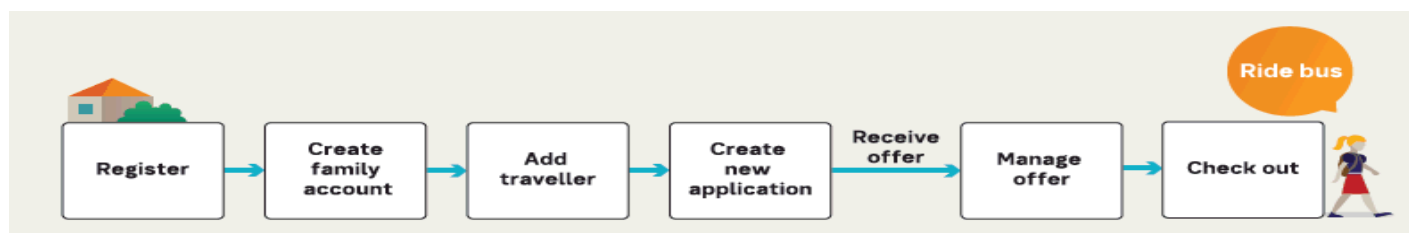

Diagram 2 - New Traveller

When Can You Submit My Child's 2019 Application?

Now. The School Bus Management System is accepting 2019 applications now.

When Will You Receive A Travel Offer?

The School Bus Management System will process all 2019 travel applications at the end of November 2018.

What's Next?

When you receive your child's travel offer, login to the School Bus Management System and manage your child's offer. This completes the process.

Need Assistance?

In the event families need assistance, please contact Public Transport Victoria's Call Centre on 1800 800 007.

Learning to cope with anxiety and fear is a normal part of a child's
development. Whilst it's estimated that between 10 to 20 percent of
children and adolescents will experience significant anxiety at some
time, it is important to note that most cases are short lived.
Recognizing and managing anxiety, as early as possible, enables
children to gain knowledge, skills, confidence and a sense of power in
managing their own worries.

This is a relaxed and informative seminar presented for your
community which, is specifically designed to help educate and
support parents who feel, that their school aged children maybe
experiencing anxiety.

Topics to be covered include:

- Understanding anxiety and normal childhood development
- How personality and environment contribute
- The signs and symptoms in your children
 - Types of anxiety disorders
- Methods and strategies to help support your children
 - Tips on building resilience
- Where to go for more information/help

Child Care Subsidy set up.

The change over to the new Child Care Subsidy, has been a time consuming task for both the school and families. While we have been working hard to contact families to ensure the set up is complete, there are still a few families who have not completed all the tasks to be assessed for CCS, which then provides a reduction in cost of the care, depending on entitlements.

Steps for families to follow include:

Complete the Centrelink Activity test

Receive an email from our software (Xplor), create password for log in. Carers can generate the email.

Log into Xplor with your password and electronically sign the Client Written Agreement (CWA), this is required if you are claiming CCS. This confirms your understanding of fees etc

Log into your Centrelink App on your phone, or computer, go to CCS, Enrolments and **CONFIRM** the enrolments.

Check with the After School Care staff, to ensure the CCS is now working

PAYMENT – Log back into Xplor using your password, check your account balance and enter your bank account details. This will debit your account each week and pay as you use the service. This will soon be our preferred method of payment, however at present, payment can still be made at the school office.
