A MESSAGE FROM OUR PRINCIPAL

COLLEGE VISION

BENALLA P-12 COLLEGE ENSURES THAT EVERY CHILD LEARNS AND IS PREPARED FOR THE FUTURE THROUGH A COMMITMENT TO EXCELLENCE IN TEACHING, HIGH EXPECTATIONS AND POSITIVE RELATIONSHIPS IN A SAFE AND INCLUSIVE ENVIRONMENT.

School Council

Last Monday council held it's AGM as well as the March meeting. Michael Plex was re-elected as President and Tiffany Heatherill as Vice-President. Pat Claridge will continue as Treasurer. A number of sub-committees were established including the traditional ones of Finance, OHS, Buildings and Grounds and Camps/Excursions. An Education Committee is relatively new and has only held one meeting, while a new Fundraising Sub-Committee was established.

Other than that, much of the meeting was dedicated to approving policies that had been amended or expired. Our Child Safe policy and Code of Conduct were part of that and are now available on our website with most other College policies.

Our **Anaphylaxis and Student Health** policies were ratified which explains why many parents would have received a letter asking for information about students with asthma. To ensure we are able to provide the best care for students in the case of an emergency, we need all available information about actions to take and medications. If you have received a letter please get in touch.

Grand Opening

Finally the day came for our official opening of the Weary Dunlop Education Centre and the Rex Wills Trade Centre. We had a great crowd of past and present staff and students as well as many local community representatives. Minister for Education James Merlino attended and was very impressed with our students and the College.

I would like to thank all our student leaders who attended the event and assisted with meeting and seating guests, presenting kitchen-garden packs and showing people through the new buildings. Most importantly, they all demonstrated outstanding manners and respect and sent a great message about our College to the community. Special thanks goes to Stevan Sovacki and Ben Wheeler of Year 12 who assisted with a presentation of the Weary Dunlop App – 'Could you survive as a Prisoner of War.' Melanie Stretton also gave another excellent rendition of her Weary Dunlop oration which was received extremely well by members of the Weary Dunlop Foundation.

Insurance

Parents and carers are reminded that the Department of Education does not hold insurance for personal property brought to school and has no capacity to pay for any loss or damage. Ambulance transport and medical expenses are also not covered by the DET and parents and carers should have their own ambulance cover.

Parent Teacher Interviews and Compass

A final call to make bookings for this week's Parent-Teacher Interviews. Thankyou to those parents who have already made bookings on our new system. We have good numbers of bookings on Thursday evening but plenty of space left on Friday morning. If you haven't yet made a booking please do so via the Compass App or call your campus office for assistance.

Term Two

Please remember that the first week of Term Two starts on Tuesday April 23rd. ANZAC Day is on the Thursday of that week and the Friday is a Student Free Day for teacher professional development. Our whole school ANZAC assembly will be on Tuesday April 30th at 9.30am in the Faithfull Stadium.

ATTENDANCE

Why every day counts

Our last week of the term has arrived. Has your child been at school every day? Have they had a day or two off as they were sick? Have they had several days off or do you find yourself running late most days? Looking back, have they had more days off than you realised?

Anxiety about going to school.

Going to school is usually exciting and enjoyable event for children and adolescents. However there are some children, who occasionally, are reluctant to go to school or have some anxiety about activities like school camp. It is also normal that in some stage of life every individual will feel anxious when faced with a difficult situation. Anxiety becomes a problem when it is persistent and prevents a person from enjoying normal life experiences for a long period of time.

You can help your child to cope with anxiety in effective ways, and, in doing so, helps them to develop self-confidence and resilience.

How can I tell if my child has anxiety?

Signs of anxiety include:

- Having lots of worries and a strong need for reassurance.
- Psychosomatic symptoms which occur before school (eg; nausea, stomach aches, headaches). These symptoms will reduce when the threat (or fear of going to school) is removed
- Crying, being clingy or fidgeting when nervous
- Sleep problems such as difficulty in falling to sleep, nightmares or trouble sleeping alone
- Fear and avoidance of a range of different issues and situations.

Sometimes you may need assistance from professionals who can help anxious children. You may want to discuss your concerns with one of our Student Wellbeing team members, for advice and support. Alternatively you can seek support from your GP.

WALLER ST CAMPUS NEWS

CAMPUS LEADERS NEWS

Thursday was an exciting day for us, we were invited to the opening of the new buildings at the Faithfull Street Campus and we represented all the Waller street kids. We felt excited and happy and a little bit scared.

There were lots of really important people there and it was our job to give out the gift packs to the visitors. It was bright and sunny and the band sounded really awesome and Paula and Mark were there too! And Mrs O'Brien came along and she said we'd all grown a lot since she saw us last. The buildings look great and they will be our classrooms when we are teenagers.

Bunnings Visit

The Waller Street Garden was a hive of activity last Thursday when Simon and Therese from Bunnings Wangaratta arrived with a van full of supplies.

Amanda and the Year 3/4 students were thrilled to receive bags of mulch, fertiliser and compost, as well as trays of seedlings and frames for climbing plants.

Simon began the session speaking to each group of gardeners about the role of companion (pollinator) plants, mulching to retain moisture in the beds and also looking for ways of reusing everyday items in the garden (e.g. milk cartons to guard seedlings).

The students worked tirelessly in very warm conditions and were able to complete a lot of planting and watering, as well as preparing beds for future planting and raking the paths.

The Bunnings team were very impressed with the garden and especially the knowledge and work ethic of our Year 3/4 students.

Thanks Amanda for coordinating this visit.

5/6 HUB NEWS

DION DRUMMOND PERFORMANCE

On the 26th of March, we had a wonderful experience. An Aboriginal performer called Dion Drummond came to our school. First, Dion told us a bit about himself. He was part Aboriginal and part Torres Strait Islander. Then he showed us some traditional clothes. He had a grass skirt and small anklets. After that, he did a dance called Gumraya. It was a good dance. Then, he called up 4 girls to do a dance with him. They were Charlotte, Chloe, Mia and Georgie. They did a dance called Payama. It was really good. Dion taught the girls the dance really well. They had lots of fun. After that dance, he showed us some boomerangs. First he showed us some play-boomerangs. He showed us the usual bent boomerang, a 'Y' boomerang, and a 4-point boomerang. Then, he showed us some hunting boomerangs. They were for when people hunted birds and sometimes small animals. Next, he got 5 boys up. They were Dante, Zach, Jayde, Patrick, and Declan. They did a good dance that ended with putting a leg up in a ballet position. Dion then showed us the Aboriginal and Torre Strait Islander flags. He told us about them. All in all, Dion Drummond's performance was amazing. We all learnt about Aboriginal and Torre Strait Islander cultures and music. We thank Dion Drummond for coming to visit the school, and it was a great experience.

FAITHFULL ST CAMPUS NEWS

US PRIDE LAUNCH EVENT

Come along to celebrate diversity and inclusion at Benalla P-12 College at the launch of Us Pride, a support group for LGBTIQ+ students and their allies.

Guest speaker Daniel Witthaus will address students in Year 7-12 at a special assembly at 12.00pm on Wednesday 3rd April, followed by a free BBQ lunch and activities.

Show your support by wearing rainbow colours!

RAY WHITE CITIZENSHIP AWARD

FAITHFULL ST CAMPUS

Congratulations to Year 8 student, Nicole Patterson. Nicole continuously displays our school values and is always willing to lend a hand.

YEAR 9 FUTUREMAKERS CAMP

GROUP 2

Our second group of Year 9 students began their experience at 15 Mile Creek Outdoor Camp last week. Students researched different designs and worked as a team to build and launch their raft. They also discussed the importance of RESILIENCE and what it 'looks like', 'sounds like' and 'feels like'. All students had the opportunity to rock climb and learnt how to safely assist other climbers. Many took on the challenge of abseiling from top of the tower. This provided a chance for reflection with camp staff. They discussed strategies to manage situations where they were out of their 'comfort zone' and how it is possible to improve your resilience when challenged.

SPORTS NEWS

WHOLE SCHOOL CROSS COUNTRY

A reminder to all parents, students and carers that the college will be having its first whole school cross country on Thursday 2nd May at the Arundel Street Ovals. Permission for this day will be done using the electronic permission form accessed through compass. Details on how to do this will be forwarded soon. Students from Grade 5 to Year 12 will be walking from the Faithfull and Clarke Street Campuses and Foundation to Grade 4 students will be bused there and back from their relevant campus. Attached to this newsletter is the program of events for those wishing to pop down and support your child. We look forward to hopefully an exciting and fun filled day.

YEAR 8 OUTDOOR EDUCATION

LAKE NILLAHCOOTIE CANOEING

On the 18th of March the year 8 Outdoors class ventured to Lake Nillahcootie on a particularly windy day! The class used the day to put their canoeing skills and knowledge into action in very trying conditions. Students found it difficult at first working in tandem to paddle the canoes, however, it was brilliant to see students working together and communicating in order to effectively steer the canoes. The students demonstrated wonderful resilience with large gusts of winds and even waves on Lake Nillahcootie!

MUSIC NEWS

NEW PIANO IN THE PERFORMING ARTS CENTRE

Benalla P-12 College Music Department sincerely thanks the Cowan family for their generous gift of a Grand Piano. This is a wonderful asset to our school's music students and our program that many students will enjoy and benefit from for years to come. This instrument replaces an almost 100 year old piano that was also gifted to the music department from Melbourne twelve months ago.

WALL 2 WALL FESTIVAL TEAM A SUCCESS!!

On Wednesday the 20th of March, 18 of Benalla P-12's finest artists came together to participate in a workshop run by Artist Tarsha Davis. They spent the morning getting to know each other and completing some brainstorming exercises with Jess Mobourne (Benalla's Koori Education Support Officer), Fiona Roberts (DELWP), Mrs Halligan, Ms Evans and of course Tarsha.

The group took a bus to the site of the wall and really got a feel for what a huge task painting it will be. They spent the rest of the afternoon learning from Tarsha about aboriginal painting techniques and chatting about what they want to see on the wall.

The theme for the artwork will be environment and sustainability. Tarsha said she was "extremely impressed and inspired by what these young people have come up with". She will spend the next few weeks designing the mural and will return to Benalla on Monday the 1st of April to get started on the wall. The students will be helping Tarsha to paint the wall on Thursday the 4th April.

Congratulations to all the students who participated in the workshop. We are all very excited to see how this collaborative art project will pan out!

Be sure to listen to ABC radio at 10am on Friday morning to hear Ms Evans talk about what a fantastic group of students we have involved in the Wall to Wall festival.

SENIOR CAREERS

MATT HIGGINS – PAST STUDENTS GUEST SPEAKER

Last Friday a large number of students, past and current staff and other community members were fortunate to attend a presentation from past Benalla P-12 College student Matt Higgins (Alumni 2002) Matt, who was College Dux, is currently a senior manager of Manufacturing Engineering at Tesla and is based in California, USA.

Matt spoke of his pathway and gave our students valuable insight into his success.

Matt said "I owe a lot of my success to my parents and brother. From a young age, my parents surrounded me with a few principles that were formative beyond imagination. The first was self-belief. I was constantly encouraged to dream about what I wanted a week from now, a year from now, a decade from now. Most of the time I was dreaming about a new bike or next Lego set I desired, and later in life, the university I wanted to get into and the course I wanted to pursue. No matter how wild my ambitions were, my parents would

remind me that anything was possible if I put my mind to it."

"The second principle handed down from my parents was what I describe as thoroughness, but the way that my father puts it is: "if you're going to do a job, do it properly".... looking back now, it taught me to be resilient and give everything my best, until all expectations were met. Meeting half of someone's expectations was never an option."

Matt spoke fondly about his time at Benalla P-12 College stating "I am very grateful for my time at Benalla College. Without the impact it had on my mindset and learning, I wouldn't be standing here before you today. I was offered a wide array of subjects, most of which I'm told are still available to students today... it was also where I learnt what I consider to be the most important recipe for a successful career: to always seek to put myself outside of my own comfort zone" he also went on to say "The independence I gained by growing up and going to school in a rural town helped me build up the courage I needed to pursue tertiary studies outside of Benalla."

Matt spoke about his journey and his current role at Tesla. He explained "Tesla was founded in 2003 by a group of engineers who wanted to prove that people didn't need to compromise to drive electric – that electric vehicles can be better, quicker and more fun to drive than internal combustion-powered cars. Its mission is to accelerate the world's transition to sustainable energy..... My time at Tesla has been much like a rollercoaster ride. With great highs, I've also experienced extreme lows. There have been times where I've been faced with seemingly impossible timelines, or insolvable problems. During these times, I have drawn perseverance from passion, and reminded myself that through great challenge comes great learning, and through great learning comes great success"

In relation to the key to success, Matt said "I strongly believe that grit and determination are stronger indicators of success than relevant experience and brilliance, and this has influenced the way that I hire and coach people, in my role now as a senior manager at TeslaI've had the pleasure of working alongside the CEO of Tesla, Elon Musk, to solve some of the most challenging problems encountered when launching their most recent car, the Model 3. Seeing him turn dreams into reality with vision, focus and determination has had a profound impact on my own professional and personal aspirations in life"

Matt toured the new Weary Dunlop Education Centre which now houses Year 10-12 students and his former campus where he was from Years 7-10.

Matt's speech was inspiring and thought provoking and we are hoping to have regular presentations by past students regarding their careers and pathways – please contact Kellie Cairncross if you are interested.

Speak up – it's your right

Victoria's Child Safe Standards are designed to keep you safe.

Why the standards came about

In 2013, the Victorian Government looked at how safe organisations are for children and young people.

It found that sometimes children and young people have not been kept safe by organisations and the adults who work in them.

More needed to be done to keep children and young people safe in the future.

What are they for?

Out of home care providers, schools, churches, sports clubs, dance schools and other organisations have to keep you safe.

This means:

- Only choosing adults who are safe to work with you.
- Listening to you about what makes you feel safe.
- Acting to protect you if someone hurts you or makes you feel unsafe.

What they mean for you

You can expect to be safe and to feel safe, wherever you go and whatever you do.

You can expect that adults that work with you know how to keep you safe.

You can tell an adult if you don't feel safe and they have to help you.

Charter for Children in Out-of-home Care

A charter lists the rights and privileges people have. We all have rights, and as members of the community, we need to respect each other's rights.

This charter has been especially prepared for children who can't live with their parents and are in out-of-home care. It lists what you can expect from all those people who look after you and work with you when you are in care. All these people

need to make sure that the things they do for you and the things they allow you to do, keep you safe and well. Being safe and well are the most important rights, so they have been put first. It means that if there is a clash between you being safe and well and another right, your safety and wellbeing always comes first.

These are your rights.

For more information about the Child Safe Standards and how to meet them, go to our website or connect with us.
