## A Message from our Principal

### College Vision

*'Benalla P-12 College ensures that every child learns and is prepared for the future through a commitment to excellence in teaching, high expectations and positive relationships in a safe and inclusive'*

Dear Parents and Carers,

Last Thursday was Remembrance Day, and right across the College we marked this important day with a reading and 1 minute silence. We also took 20 of our student leaders from each campus to take part in the local service at the cenotaph. Our College captains laid a wreath on behalf of the school, and all leaders participated with great respect and pride during the service. After the year we have had, it was very nice to be able to take part in an event like this with our students.

On the weekend I took the opportunity to visit the Benalla Art Gallery. Each year there is an exhibition of student artwork from VCE students in the local area. This exhibition is currently open and showcases some wonderful artwork, including several outstanding pieces from our Year 12 Studio Arts class. If you have the chance, I would highly recommend a visit to see the student work.

Each year College Council purchases a piece from one of our VCE students to display at school. One of the students, whose work is currently at the gallery, will have their work acquired after council members vote on their favourite piece. After seeing the final pieces on the weekend, I have a feeling it will be a difficult decision this year.

Thankyou to those parents and carers who came along to our transition tours last week. It was great to see so many people attend to find out about the College and to see and hear about our excellent facilities and programs. If you weren't able to make it, please feel free to contact the campus you would like to find out about. We are more than happy to provide information over the phone and can organise a visit if requested.

Have a wonderful week.

Tony Clark  
Executive Principal.

## Grade 1/2

In numeracy we are learning about place value. The students have been having a fantastic time playing a range of activities that are increasing their understanding of 2 and 3 digit numbers. In literacy we are working on procedural writing. Following the instructions on Making a Paper Airplane was heaps of fun! Throwing the paper airplanes at the teacher who wanted to get an awesome photo was the best bit though!

## Avon & Waller P-2 Swimming Program

Well done to all our Prep to Year 2 students on completing 7 days of swimming! Students practised floating, safe entry and improving their stroke technique. On the water safety day they all went in the water fully clothed and learned about how to be safe in and near water. They used life jackets and practised how to safely assist someone in trouble in the water and also how to get themselves out of the water while fully dressed.

Please consider continuing your child's swimming education by enrolling in swimming lessons at the YMCA.
