A Message from our Principal

College Vision

'Benalla P-12 College ensures that every child learns and is prepared for the future through a commitment to excellence in teaching, high expectations and positive relationships in a safe and inclusive'

Dear Parents and Carers,

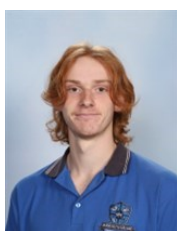

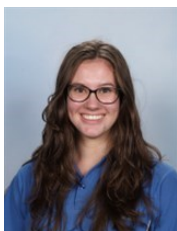

This time of year is always busy with planning for next year, and one of the important tasks we have is to decide on our student leaders for 2022. The process to become one of our College Captains involves written applications, speeches, interviews and voting. It is always closely contested and results in the selection of four high quality young people to the positions. This year is no different.

Before I announce the names of the successful applicants, I must thank and congratulate all of the students who put their names forward as potential school captains. The decision to do this is always fraught with risk, and requires great courage to do so. Not everyone finds it easy to speak about themselves, to record and upload a speech for staff and students to watch or to sit through a couple of interviews and answer random questions. And in the end, not everyone is able to be selected, so there is ultimately disappointment for some.

One of the best things about this process, is that it really highlights the amazing students we have. Students who live our values every day and who have strived to be leaders of the College for years in some cases. Others who have only recently discovered a passion for leadership but have been working away quietly in the background for years. All students who apply are worthy of the position and are everyday role models for our students of all year levels. Whether successful or not, the quality of the students coming through the school and willing to put their hand up for a role such as this is incredibly pleasing.

So, it gives me great pleasure to announce that our College Captains for 2022 are Georgia Nichols and Taree Fletcher, and our Vice-Captains are Harrison Drury and Tayissa Gray. All of these students are extremely excited about their appointment and I am very confident they will do an exceptional job as the leaders of the school. I am very much looking forward to working alongside as they represent the College at important school and community events. All we need now is a relatively normal year where we can have assemblies and give the captains the opportunities they deserve.

Tony Clark
Executive Principal.

Last week we were thrilled to begin our Prep Transition! We had our Kinder kids come for a visit to get ready for school next year. We sang songs, played with our new friends, listened to a story and even had a go at some table work! They did such a fantastic job and are super excited to be Preps next year.

Tennis Clinic

Last week our Year 3-6 students participated in a Tennis clinic run by Kyle Andrews through the Sporting Schools program.

The students enjoyed engaging in skill activities and mini games to improve their tennis skills.

As part of their Head Start program, the new Year 12 VCAL Work Related Skills class were given a MasterChef Pressure Test. They had one period prior to find a recipe, budget and develop a kitchen risk management plan. Today they had 60 minutes to cook their finger food and give back to their teachers who voted on their favourite dish at lunchtime. The students well and truly felt under pressure but it was great to observe their team work. Well done to Charlie Bull and Will Stickland who took out first place with Mini Pizzas which they knew would be a crowd favourite. Thanks to Sue McCarthy for helping and Ms. Nadan for letting us use the kitchen facilities.
